About **St Martins**

At St Martins Lutheran College in Mount Gambier, we are deeply committed to fostering the growth of pre-service teachers. Through our scholarship program, we offer a supportive environment where aspiring educators can refine their skills, thrive, and foster productive relationships with teachers at St Martins.

Our approach goes beyond instruction; we emphasise experiential learning that integrates theory with practical application, enabling interns to become confident and capable teachers. With mentorship from experienced and highly effective teachers and exposure to a variety of classroom settings and models, our interns not only develop strong pedagogical foundations but also develop the values of compassion, innovation, and a passion for lifelong learning.

We strongly believe that working alongside teachers in a school environment is the best way to consolidate content knowledge, develop a repertoire of classroom management strategies, enhance appropriate communication skills and build a sense of belonging within a school culture. Join us at St Martins Lutheran College, where we are dedicated to nurturing, guiding, and challenging every member of our community.
